

Early Explorers Mommy/Daddy & Me Class
Every Tuesday, July 2021
10:30-11:30 AM

Early Explorers music classes (earlyexpressionspiano.blogspot.com, theteachingstudio.blogspot.com) are an exiting introduction to music for the smallest musician. The goal of this class is music appreciation. Each class centers around the theme of a season: fall, winter, spring, summer. Through this class, children are introduced to classical music and composers, sing songs, participate in movement activities, learn basic music concepts, and gain a love and appreciation of music through play!

Each class is broken up into a separate theme. These are the 4 themes:

Tuesday, July 6 - Amazing Autumn: High & Low

- children will enjoy learning and singing about autumn to Vivaldi's "Autumn"; will love moving and dancing like falling leaves; will make their own drum, and will have fun learning about high and low in music.

Tuesday, July 13 - Wondrous Winter: Chords on the Staff

- children will enjoy singing and playing rhythm instruments to an exciting song about a sleigh ride to Prokofiev's "Troika"; will be introduced to the musical staff and learn to make and identify chords on the staff; will be introduced to basic ear training; will have fun moving to Vivaldi's "Winter" and acting out various wintertime activities.

Tuesday, July 20 - Spectacular Spring: High & Low (reinforce)

- children will enjoy learning and singing about springtime to Vivaldi's "Spring"; will love moving like raindrops, bees, birds, and flowers; and will have fun learning more about highs and lows in music.

Tuesday, July 27 - Sizzling Summer: Fast & Slow

- children will enjoy learning and singing about summer to Gershwin's "Summertime"; will have fun decorating their own fairy wings or turtle shells to wear; will love moving like fairies and forest animals to Vivaldi's "Summer"; and will have fun learning about tempo in music.
